Who we are

Disability Services Australia is a values based organisation offering a range of services that provide opportunities for people to live the life they choose at home, at work and in their community life.

DSA's Home Solutions is so much more than the in-home supports and assistance with self-care that might be necessary for a person to live as independently as possible.

We empower you to expand your horizons, explore opportunities to improve your daily living skills and learn new life skills. You can develop social relationships, improve your health & wellbeing, and make the choices that will allow you to live the life you choose.
