SUPPORTED INDEPENDENT LIVING

Vacancy - Cambridge Park

Who we are

Disability Services Australia is a values based organisation offering a range of services that provide opportunities for people to live the life they choose at home, at work and in their community life.

Our Supported Independent Living Services offer so much more than the in-home supports and assistance with self-care that might be necessary for a person to live independently, either on their own or in a shared living arrangement.

We empower people to explore opportunities to live the life they want to, through improved health and wellbeing, a sense of belonging and connection to family and friends, and exploring opportunities for new social activities and interests in the community.

Our range of SIL accommodation models focus on best meeting people's individual needs. We firmly believe that every person should have the support they need to live as independently as possible.
